Hi Mr. Mayor and Krzysztof,

Today found your mail in an old email Spam folder with the Invitation to the ceremony at Lipnica Wielka in September.

It was wonderful to hear from you and know that my dad and his crew were being remembered.

Thank you for inviting me. I am sad that I want be there in person but please tell everyone:

"My heart is with you all. To all the special people who Robert and I had the pleasure of meeting and to the special friendships formed through the years and the country of Poland that I grew to love. Part of me has never left I miss you all "

Your kindness can never be repaid

I hope that everyone is well. I think of you all often. This past year has been a struggle and I miss Robert everyday especially his smile.

Please send me pictures

Love Rosemary
